The Tenth Mountain Division Foundation, Inc. (TMDF) receives numerous requests for monetary and other resource support each year. The TMDF revised the application process for parties interested in proposing a program or project partnership that will advance the mission of the TMDF. These changes reflect several years of review and organization restructure that is focused on program and partnership development and not just an ad hoc grant making role.

**Mission:** The mission of the Tenth Mountain Division Foundation, Inc. is to honor and perpetuate the legacy of the soldiers of the 10th Mountain Division past, present, and future by doing good works that exemplify the ideals by which they live (d).

**Grant Timeline:** Partnership applications are accepted on a year-round basis. The Tenth Mountain Division Foundation, Inc. partnership request application process consists of the following components. Although requests may be accepted on a year-round basis, it is important to inquire about the Program Team, Executive Committee and Directors meeting schedules so you can align the decision making process timeline with implementation of your program or project. The following steps constitute the formal request process:

- **Partner Grant Application submission** - Initial inquiry reviewed by administration and assigned to appropriate program team leader.

- **Potential partners will be scheduled to meet with the program team** to discuss details of proposal and consideration for developing a partnership and the level of funding. At this point in the process, applicants may be asked to provide more information and materials to support their program or project.
- **Program area team leader will present program/project concept** and budget recommendations to ExComm for consideration to proceed (or not) to support the project at the TMDF Annual Meeting.
- **Upon the decision of the Executive Committee** to support, deny or defer a request, the program team leader will follow up with the applicant.
- **Final decision on partnership** will be made and the TMDF Annual Meeting in October.
